Is your child ready for middle school? Let us prepare them for the rigors of middle school. We will help them learn how to use their locker effectively, organize their homework for six classes and teachers, navigate school loop, and use their agenda. We will also give the students a tour of the school, so they know how to get to their classes easily within the 4 minute passing period. We will be reviewing writing, reading, and math skills to get them ready for the first quarter of school. This class is for students entering 6th grade at LRMS only.

This class will prepare your child so that when the first day begins there will be no questions of what to expect. We have been teaching sixth grade at Ladera Ranch Middle School since it opened, and know what it takes to be successful at LRMS. We are here to help your child make a great beginning of their first year of middle school.

TWO SESSIONS AVAILABLE!

Session 1 Dates: August 6-9
Time: 9:00-11:00 am
